Dear NAQP subscriber

19 SEPTEMBER 2016 OPERATIVE PLAN CHANGE A3 TO THE NELSON AIR QUALITY PLAN

Please find enclosed a set of amendments for the Nelson Air Quality Plan (NAQP).

At its meeting on 8 September 2016, Council approved to make the Woodburner Plan Change (PC A3) operative as of Monday, 19 September 2016.

Operative Plan Change A3: Woodburners

This plan change introduces several amendments to the operative Air Quality Plan. In summary, these amendments fall into four broad categories and include:

- a new definition for 'small-scale ultra-low emission burning appliances' (ULEB);
- new Clause AQr.26A, which includes permitted and non-complying rules, assessment criteria and explanatory text in relation to ULEB;
- new Appendix AQ2B, which sets out the minimum requirements for ULEB, including certification process that must be followed in conjunction with the building consent process; and
- consequential amendments to other operative provisions;

Please update your copy of the Nelson Air Quality Plan as per the attached filing instructions.

Note:

To ensure that you have filed the previous set of updates, please check that the update sheet was last updated with the 25 January 2016 proposed amendments.

Kind regards

A handwritten signature in blue ink, appearing to read 'Chantel de Ru', with a stylized flourish at the end.
